#### Notification

2/20/92-HD (G)

- Read. (1) Notification No. 2/20/92-HD (G) dated 9-11-95.
- (2) Notification No. 2/20/92-HD (G) dated 16-10-96.
- (3) Notification No. 2/20/92-HD (G) dated 29-4-97.
- (4) Notification No. 2/20/92-HD (G) dated 27-8-97.
- (5) Notification No. 2/20/92-HD (G) dated 30-11-99.
- (6) Notification No. 2/20/92-HD (G) dated 20-12-99.

In exercise of the powers conferred by section 13 A of the Goa, Daman and Diu Public Gambling Act, 1976 (Act 14 of 1976), read with section 21 of the General Clauses Act, 1897 (Central Act 10 of 1897), the Government of Goa hereby amends the Government Notification No. 2/20/92-HD (G) dated 9-11-1995, published in the Official Gazette, Series I, No. 34 dated 23-11-1995 (hereinafter called the "principal Notification", as follows, namely:—

In condition 5 of the principal Notification,—

(a) for clause (i), the following shall be substituted, namely:— "(i) An application for licence shall be accompanied by an application fee of Rs. 5 lakh for a set of 20 machines/stages or less for 5 Star Hotels and annual licence fee of Rs. 50 lakh for a set of 20 machines/stages/tables or less provided on board in vessels offshore and such fee shall be deposited into the Government treasury and copy of the challan shall be attached to the application. The licence fee for renewal of licence shall be the same as indicated above.";

(b) for clause (vii), the following shall be substituted, namely:— "(vii) A licensee shall be liable to pay annual recurring fees at the rate of Rs. 30,000/- for the mother machine and Rs. 20,000/- per additional stage of electronic amusement/slot machines in Five Star Hotels in advance on or before 31st March of every year which amount shall be deposited into Government treasury by means of challan under the Head of Account as specified by the Authority and shall furnish a copy of challan to the Home Department of the Government.";

(c) for clause (ix), the following shall be substituted, namely:— "(ix) The licensee shall deposit in Government treasury, in all cases, an amount equal to one year's recurring fee prescribed for electronic amusement/slot machines in 5 Star Hotels, as security deposit for due compliance with the terms and conditions of

the licence, which shall be payable at the time of grant of new licence or renewal thereof."

This Notification shall come into force with effect from 1-4-2000.

By order and in the name of the Governor of Goa.

A. Mascarenhas, Under Secretary (Home).

Panaji, 2nd May, 2000.

Department of Power

**Notification**

120/2/CEE/TECH/352

In exercise of the powers conferred by section 23 read with section 51 'A' of the Indian Electricity Act, 1910 (Central Act 9 of 1910), and in supersession of all the existing Notifications in this regard, the Government of Goa hereby frames the following revised electricity supply tariffs for the State of Goa, as specified in the Schedule appended to this Notification.

**SCHEDULE**

**General conditions**

(1) These tariffs are subject to revision by the Government from time to time.

(2) These tariffs are subject to the terms and conditions for power supply approved from time to time by the Government.

(3) Supply of power in all cases shall be subject to the execution of Agreement with Consumers.

(4) As a general rule, no low voltage services shall be given where the connected load per service is over 100 KVA nor high voltage service shall be given where the connected load is less than 100 KVA. Exceptions may be made in special cases at the discretion of the Chief Electrical Engineer.

(5) Supply to consumers having a connected load between 100 KVA to 1000 KVA will be generally at 11KV, and for more than 1000KVA at 33 KV. Exceptions may be made in special cases at the discretion of the Chief Electrical Engineer.

(6) If energy supplied for a specific purpose under a particular tariff is used for a different purpose not

contemplated in the contract for supply and/or for which higher tariff is applicable it shall be deemed as misuse and stealing of energy within the meaning of the Indian Electricity Act, 1910 (Central Act 9 of 1910). In such a case, the energy consumption bill already rendered for the service shall be revised by applying the appropriate higher tariff from the date of connection unless convincing reasons are adduced thereof for adopting a different period. The imposition of this higher tariff shall not relieve the consumer from penalties under the law in force.

(7) Surcharge of 2% compounded per month or part thereof shall be levied on all delayed payment of bills. Such surcharges shall be rounded off to the nearest multiple of one rupee. Amount less than 50 paise shall be ignored and amount of 50 paise or more shall be rounded off to next multiple of rupee one.

(8) If the consumers fail to pay the energy bill presented to them within the stipulated period, the Electricity Department shall have the right to disconnect the supply after serving a seven days clear notice on such consumer.

(9) Consumers requiring supply for loads not covered by these tariffs and also Electro chemical and electro metallurgical industries, may negotiate for special tariff with the Electricity Department.

(10) In case of doubts or anomalies in respects of categorisation of any consumers or in any other respect, the decision of the Chief Electrical Engineer shall be final.

(11) "Month" means the calendar month when the period commences from the beginning of a calendar month otherwise it shall mean a period of 30 days.

(12) These tariffs shall apply for purpose of billing with effect from 01-07-2000

**Definitions**

(1) 'Connected load' means the sum of rated capacities of all the energy consuming devices which may be operated simultaneously. This shall be expressed in KW/KVA. One H.P. shall be considered equivalent to one KVA for equipment rated in H.P.

(2) 'Seasonal consumers' means all consumers who work only during a part of the year upto a maximum of nine months, such as, cotton corning and pressing factories. It shall also include ice factories, mining industries, oil mills, which may work throughout the year but intermittently, and any other consumers which may be approved by the Electricity Department from time to time as seasonal consumers.

(3) 'Maximum Demand' means the average KVA supplied during the 30 minutes (or any other shorter period as may be specified by the Electricity Department), of maximum use in a month.

(4) 'Contract Demand' means the maximum KVA for which the Electricity Department has undertaken to provide the facilities from time to time.

(5) 'Billing demand' means:-

- (i) the actual maximum demand recorded during the month; or
- (ii) 75% of the contract demand; or
- (iii) actual maximum demand recorded during the previous 11 months; or
- (iv) 50 KVA, whichever is higher; or
- (v) as specifically indicated for particular H.T. category.

**(A) Low Tension Supply:**

1 (a). *Tariff-LTD/Domestic and Non-Commercial:*— Applicable to private house, bungalows, charitable, educational institutions approved by Goa Board/Central Board, colleges affiliated to Goa University and religious institutions, etc., for lights, fans, radios, domestic heating and other household appliances:—

Tariff KWH/Month	Ps/unit (KWH)
(a) First 50 units	100
(b) 51 to 250 units	150
(c) 251 to 500 units	220
(d) Above 500 units	260

*Monthly minimum charges:*— Rs. 30/- (Rupees thirty) per month for the first 500 watts and Rs. 25/- (Rupees Twenty five) for every additional 500 watts or part thereof of the connected load.

1 (b). *Tariff LTD/Low Income Group:*— Applicable to consumers of low income group with a connected load,—

Upto 2 points      Rs. 20/- per month

*Note:* For any unauthorised increase in points, penal charges at the rate of Rs. 20/- per month per point shall be levied and the installation shall be liable for disconnection.

1 (c). *Tariff LTD/Domestic Mixed:*— Houses with rent back facilities, clubs, hospitals, residence cum office and which are not covered under (A)1(a) LTD/Domestic above.

Tariff KWH/Month	Ps/unit (KWH)
(a) First 400 units	230
(b) above 400 units	300

*Monthly minimum charges:*— Rs. 30/- per month for first 500 watts and Rs. 25/- for every additional 500 watts or part thereof.

2. *Tariff-LTC/Commercial:* — Applicable to shops, offices, railway stations, race-course, computer training schools, photo studios, photo copiers, colour laboratories, private guest house, messes, bus stand of Kadamba Transport Corporation, private agriculture nurseries, film studios, x-ray installations, laundries, dry cleaners, cinema theatres, video parlours, film recording and dubbing studios, All India Radio and T.V. station and studios, telephone exchanges, petrol pumps, service stations, battery charging units, tyre vulcanizing centers, ice cream parlours, bars and cold drinks houses, commercial complexes, petrol, diesel and oil storage plants, for lights, fans, T.V., radio, heating and other appliances.

Tariff KWH/Month	Ps/unit (KWH)
First 50 units	280
Next 51 to 500 units	380
Next 501 to 2000 units	435
All balance above 2000 units.	425

*Monthly minimum charges:*— (i) For single phase connections: Rs. 80/- (Rupees eighty) per month for the first 500 watts and Rs. 30/- (Rupees thirty) for every additional 500 watts or part thereof of the connected load. (ii) For three phase connections Rs. 150/- (Rupees one hundred fifty) per month for the first 3 KW and Rs. 40/- (Rupees forty) for every additional 1KW or part thereof.

3. *Tariff-LTP/Motive Power:* — Applicable to consumers of industrial units, workshops, flour mills, wet grinding, rice mills, milk dairies, ice cream manufacturing units, dairy testing process, garment manufacturing, tyre retreading units, ice manufacturing plants, bakery, motive power loads, industrial units engaged in manufacturing, process or project activities where connected load is not more than 100 KVA.

Tariff KWH/Month	Ps/unit (KWH)
All consumption during the month with	
(a) connected load upto 20HP	255
(b) connected load from 21 to 50HP	280
(c) connected load beyond 50HP	310

*Monthly minimum charges:*— Rs. 40/- (Rupees forty) per KVA/HP per month of connected load or part thereof.

*Note:* (i) Supply under this tariff will be for a minimum of 3 HP. If any load less than 3 HP is required by the consumer, minimum bill shall be charged on the basis of load of 3HP.

(ii) The power factor should not in any case fall below 0.85 lagging. If the power factor is lower than 0.85 lagging, the consumer shall install capacitors to

bring the power factor to at least 0.85 lagging. In case power factor is found to be lower than 0.85 lagging, penal charges at the rate of 2.5% on the monthly bill corresponding to the energy charges only shall be levied. In case the power factor is less than 0.7 lagging, the installation is liable to be disconnected.

3 (a). *Tariff-LTP/Mixed (Hotel Industries):—* (a) Hotels / restaurants, lodging and boarding where the total connected load of such installation is more than 3KW.

Tariff KWH/Month	Ps/unit (KWH)
(a) First 500 Units	360
(b) above 500 Units	395

*Monthly minimum charges:—* Rs. 40/- (Rupees forty) per month per KW of connected load or part thereof.

*Note:—* Hotel industries who intend to avail the facility of this tariff should produce the certificate from Tourism Department, stating that, they are carrying out such business on regular basis. Such tariff shall be made applicable only from the date of producing such certificate in the Electricity Department.

4. *Tariff-LTAG/Agriculture:—* Applicable to irrigation pumping and agricultural purposes, poultry, piggery, pisciculture, etc. for lights, fans, heating and other appliances.

Tariff KWH/Month	Ps/unit (KWH)
All consumption during the month	125

*Monthly minimum charges:—* (a) Rs.120/- (Rupees One hundred twenty) per HP/KVA, per annum, for connected load or part thereof subject to a minimum of 2.HP.

(b) Rs. 30/- (Rupees thirty) per month, per KW, of connected load or part thereof for poultry, dairy, piggery, pisciculture and mushroom cultivation only.

*Note: (i)* Bonafide lighting of the pump house upto 5% of the motive power consumption is permitted under this category and excess consumption chargeable at LTD/Domestic under (A)1 (a), above.

(ii) The power factor should not in any case fall below 0.85 lagging. If the power factor is lower than 0.85 lagging, the consumer shall install capacitor to bring the power factor to at least 0.85 lagging. In case the power factor is found to be lower than 0.85 lagging, penal charges at the rate of 2.5% on the monthly bill corresponding to energy charges only shall be levied. In case the power factor is less than 0.7 lagging, the installation is liable to be disconnected.

(iii) LT-Agricultural tariff shall be made applicable for poultry, piggery and pisciculture only from the date of production of a certificate from the Directorate of Animal Husbandry or Fisheries Department of Government of Goa, to the effect that the consumer carry on the said activity on regular basis.

5. *Tariff-LTPL/Public Lighting:—* Applicable to public lighting systems including signal systems, road and parking lighting belonging to local authorities, such as, Municipalities/Panchayat, etc. This is also applicable to public lighting of Government/Semi-Government establishments but shall not be applicable in case of private establishments.

Tariff KWH/Month	Ps/unit (KWH)
All consumption during the month	200

*Monthly minimum charges:—* The minimum charges per month shall be Rs. 100/- (Rupees one hundred) per KW of connected load. The connected load for the purpose of billing shall be the average of the connected load on the first day and the last day of the month in question.

*Note:—* Handling of filament, mercury vapour, fluorescent or any other lamps of different wattage at the rate of Rs. 5/- (Rupees five) per month per fixture/lamp. In case of private colonies the street lighting fixtures, etc., shall have to be provided as well as maintained by them.

6. *Tariff-LT PWW/Public Water Works:—* Applicable to public water supply and sewage pumping stations and treatment plants where connected load is not more than 100 H.P.

Tariff KWH/Month	Ps/unit (KWH)
All consumption during the month.	300

*Monthly minimum charges:—* Rs. 40/- (Rupees forty) per KVA/HP per month of connected load or part thereof.

*Note: (i)* Supply under this tariff will be for a minimum of 3HP. If any load less than 3HP is required by the consumer, minimum bill shall be charged on the basis of load of 3HP.

(ii) The power factor shall not in any case fall below 0.85 lagging. If the power factor is lower than 0.85 lagging, the consumer shall install capacitor to bring the power factor to at least 0.85 lagging. In case the power factor is found to be lower than 0.85 lagging, penal charges at the rate of 2.5% on the monthly bill corresponding to the energy charges only shall be levied. In case the power factor is less than 0.7 lagging, the installation is liable to be disconnected.

**(B) High Tension Supply:**

7. **Tariff HT-Mixed:**— Applicable to bulk supply of power at 11KV and above for a connected load of more than 100 KVA, such as, railway, educational institutions, non-industrial establishment, etc., having mixed load with pre-dominantly lighting or non-industrial load of more than 50% of connected load.

Demand Charges	Plus Energy Charges	Ps/Unit (KWH)
(a) Rs. 125/-per month per KVA of billing demand upto contract demand.	First 1,00,000 Units.	370
(b) For billing demand in excess of contract demand, Rs. 250 per KVA per month.	Balance consumption above 1,00,000 units.	400

**Note:**— The power factor shall not in any case fall below 0.85 lagging. In case the power factor is found to be lower than 0.85 lagging, the consumer shall install capacitor to bring the power factor to at least 0.85 lagging. In case the power factor is found to be lower than 0.85 lagging, penal charges at the rate of 0.5% on the monthly bill corresponding to demand charges and energy charges only shall be levied for every 0.01 by which the power factor falls below 0.85 lagging. In case the power factor is less than 0.7 lagging, the installation is liable to be disconnected.

**Monthly minimum charges:**— Monthly demand charges on billing demand.

8. **Tariff HTI/Industrial :**— Applicable to supply of power at 11 KV and above for a contract demand above 100 KVA for industries, factories and hotels / restaurants other industrial purpose as may be decided by the Chief Electrical Engineer.

Demand Charges	Plus Energy Charges	Ps/Unit (KWH)
(a) Rs. 125/- per month per KVA of billing demand upto contract demand.	All consumption during the month	340
(b) For billing demand in excess of contract demand, Rs. 250 per KVA per month.		

**Monthly minimum charge:**— Monthly demand charges on billing demand.

**Note:** (a) Lighting upto 10% of the monthly energy consumption is allowed under HTI tariff, for bonafide factory lighting purposes. Excess is chargeable at tariff LTC/ commercial at Sr.No. 2, under the heading "(A) Low Tension Supply".

(b) For staff quarters, rest/guest houses, street lighting in the colony situated separately from the main factory and when distribution lines, service lines, meter etc., are permitted to be owned and maintained by HT consumers, all energy consumed shall be chargeable under tariff LTD/Domestic, at Sr. No. 1(a), under the heading "(A) Low Tension Supply".

(c) The power factor shall not in any case fall below 0.85 lagging. In case the power factor is found to be lower than 0.85 lagging, the consumer shall install capacitor to bring the power factor to at least 0.85 lagging. In case the power factor is found to be lower than 0.85 lagging, penal charges at the rate of 0.5% on the monthly bill corresponding to demand charges and energy charges only shall be levied for every 0.01 by which the power factor falls below 0.85 lagging. In case the power factor is less than 0.7 lagging, the installation is liable for disconnection.

(d) Hotels/restaurants, lodging and boardings intend to avail the facility of this tariff should produce the certificate from Tourism Department, stating that, they are carrying out such business on regular basis. Such tariff shall be made applicable only from the date of producing such certificate in the Electricity Department. The concession on 10% of the monthly energy consumption as allowed to H.T. industries on bonafide factory lighting is not allowed.

9. **HTO/Optional :**— This is an optional tariff applicable to consumers having connected load upto 150 KVA only as an alternative to the tariff HTI/Industrial specified above. The option once exercised cannot be changed within the period of 12 billing months from the date of option.

Tariff KWH/Month	Ps/ Unit (KWH)
All consumption during the month	410

**Monthly minimum charge:**— Rs. 100/- (Rupees one hundred) per month, per KVA of connected load or part thereof subject to a minimum of 80 KVA.

**Note:** (i) Lighting upto 10% of monthly energy consumption is allowed under HTO (Optional) Tariff for the bonafide factory lighting purpose. Excess is chargeable under Tariff- LTC/ Commercial, at Sr. No. 2, under the heading "(A) Low Tension Supply".

(ii) For staff quarters, rest/guest houses, street lighting in the colony situated separately from the main factory and when distribution lines, service lines, meters, etc., are permitted to be owned and maintained by HT consumers, all energy consumed shall be chargeable under Tariff -LTD/Domestic and Non-Commercial, at Sr. No.1(a), under the heading "(A) Low Tension Supply".

(iii) The power factor shall not in any case fall below 0.85 lagging. In case the power factor is found to be lower than 0.85 lagging, the consumer shall install capacitor to bring the power factor to at least 0.85 lagging. In case the power factor is found to be lower than 0.85 lagging, penal charges at the rate of 0.5% in the monthly bill corresponding to energy charges only shall be levied for every 0.01 by which the power factor falls below 0.85 lagging. In case the power factor is less than 0.7 lagging, the installation is liable for disconnection.

10. *H.T. Industrial (Ferro Metallurgical/Power Intensive)*: — Applicable to supply of power at 11 KV and 33KV having a contract demand above 100 KVA for steel melting, ferro alloy and ferro metallurgical industries including all types of ferro alloy units where melting is involved using electric power.

Demand Charges	Plus Energy Charges	Ps/Unit (KWH)
(a) Rs.700/- per KVA per month of contract demand	(a) 300 units per KVA	100
	(b) next 100 units per KVA	200
(b) For demand in excess of contract demand, Rs.700/- per KVA per month	(c) above 400 units per KVA	450

*Monthly minimum charges*:— Monthly demand charges on contract demand.

*Note*:— (a) Lighting upto 10% of the monthly energy consumption is allowed under HT Industrial (Metallurgical) tariff, for bonafide factory lighting purposes. Excess is chargeable under Tariff LTC/Commercial, at Sr. No. 2, under the heading "(A) Low Tension Supply".

(b) For staff quarters, rest/guest houses, street lighting in the colony situated separately from the main factory and when distribution lines, service lines, meter, etc., are permitted to be owned and maintained by HT consumers, all energy consumed shall be chargeable under Tariff - LTD/Domestic and Non-Commercial, at Sr.No.1(a), under the heading "(A) Low Tension Supply".

(c) The power factor shall not in any case fall below 0.85 lagging. In case the power factor is found to be lower than 0.85 lagging, the consumer shall install capacitor to bring the power factor to at least 0.85 lagging. In case the power factor is found to be lower than 0.85 lagging, penal charges at the rate of 0.5% on the monthly bill corresponding to demand charges and energy charges only shall be levied for every 0.01 by which the power factor falls below 0.85 lagging. In case the power factor is less than 0.7 lagging, the installation is liable for disconnection.

(d) The connected load of this category of installations are subject to verification periodically.

(e) If the industry is closed continuously for a minimum period of 7 days or more during the month, with the Departments incoming GOAB Switch of the Installation kept opened, in such case the demand charges for that particular month shall be considered for billing demand charges on pro rata basis.

(f) In the event of such industry being totally closed, the monthly minimum charges shall be billed equivalent to 1/12th of the annual line minimum guarantee as indicated in clause 10 of the H.T. agreement.

11. *Tariff HT-AG/Agriculture*:— Applicable to supply of power at 11 KV and above to agricultural consumer, lift irrigation schemes, agricultural farms, etc.

Tariff	Ps/ Unit (KWH)
KWH/Month	
All consumption during the month.	125

*Monthly minimum charges*:— Rs. 10/- (Rupees ten) per month per H.P. of connected load or part thereof subject to minimum of 70 H.P.

*Note*:— (a) Bonafide lighting of the pump-house upto 5% of the motive power consumption is permitted under this category and excess consumption shall be chargeable under Tariff - LTD/Domestic and Non-Commercial, at Sr. No. 1(a), under the heading "(A) Low Tension Supply".

(b) For street lighting and other lighting situated separately from the pumphouse and when distributing lines, service lines, meters, etc., are permitted to be owned or maintained by the HT consumer, all energy consumed shall be chargeable under Tariff - LTD/Domestic and Non-Commercial, at Sr. No. 1(a), under the heading "(A) Low Tension Supply".

(c) The power factor shall not in any case fall below 0.85 lagging. In case the power factor is found to be lower than 0.85 lagging, the consumer shall install capacitor to bring the power factor to at least 0.85 lagging. In case the power factor is found to be lower than 0.85 lagging, penal charges at the rate of 0.5% in the monthly bill corresponding to energy charges only shall be levied for every 0.01 by which the power factor falls below 0.85 lagging. In case the power factor is less than 0.7 lagging, the installation is liable for disconnection.

12. *EHTI/Industrial*:— Applicable to bulk supply of power at 110 KV and above for industries, factories, and other industrial purpose as may be decided by the Chief Electrical Engineer.

Demand Charges	Energy Charges	Ps/Unit(KWH)
(a) Rs.125/- per KVA per month of billing demand upto contract demand.	All energy consumption during the month	340
(b) For billing demand in excess of contract demand, Rs. 250/- per KVA per month		

**Monthly minimum charges:—** Monthly demand charges on billing demand.

**Note:—** (a) Lighting upto 10% of the monthly energy consumption is allowed under EHTI tariff, for bonafide factory lighting purpose. Excess shall be chargeable under Tariff- LTC/ Commercial, at Sr. No. 2, under the heading "(A) Low Tension Supply".

(b) For staff quarters, rest/guest houses, street lighting in the colony situated separately from the main factory and when distribution lines, service lines, meters, etc. are permitted to be owned and maintained by HT consumers, all energy consumed shall be chargeable under Tariff- LTC / Commercial, at Sr. No.2, under the heading "(A) Low Tension Supply".

(c) The power factor shall not in any case fall below 0.85 lagging. In case the power factor is found to be lower than 0.85 lagging, the consumer shall install capacitor to bring the power factor to at least 0.85 lagging. In case the power factor is found to be lower than 0.85 lagging, penal charges at the rate of 0.5% in the monthly bill corresponding to demand charges and energy charges only shall be levied for every 0.01 by which the power factor falls below 0.85 lagging. In case the power factor is less than 0.7 lagging, the installation is liable for disconnection.

**13. H.T. PW/Public Water supply and Sewage:—** Applicable to supply of power at 11 KV and above for a contract demand above 100 KVA for public water supply, sewage pumping stations and public water treatment plant.

Demand Charges	Plus Energy Charge	Ps/Unit
(a) Rs.125/- per KVA per month of billing demand upto contract demand.	All energy consumption	300
(b) For billing demand in excess of contract demand, Rs.250/- per KVA per month.		

**Monthly minimum charges:—** Monthly demand charges on billing demand.

**Note:—** (a) Lighting upto 10% of the monthly energy consumption is allowed under H.T. PW tariff, for bonafide plant, lighting purposes. Excess shall be chargeable under Tariff -LTC / Commercial, at Sr. No.2, under the heading "(A) Low Tension Supply".

(b) For staff quarter, rest/guest house, street lighting in the colony situated separately from the main plant and when distribution lines, service lines, meters, etc., are permitted to be owned and maintained by HT consumers, all energy consumed shall be chargeable under Tariff LTD / Domestic and Non Commercial, at Sr. No.1(a), under the heading "(A) Low Tension Supply".

(c) The power factor shall not in any case fall below 0.85 lagging. In case the power factor is found to be lower than 0.85 lagging, the consumer shall install capacitor to bring the power factor to at least 0.85 lagging. In case the power factor is found to be lower than 0.85 lagging, a penal charges at the rate of 0.5% in the monthly bill corresponding to demand charges and energy charges only shall be levied for every 0.01 by which the power factor falls below 0.85 lagging. In case the power factor is less than 0.7 lagging, the installation is liable for disconnection.

**14. H.T. MES/Defence Establishments:—** Applicable to supply of power at 11 KV and above, for a contract demand of 100 KVA and above for defence installation establishments, having mixed load with predominantly lighting or non - industrial load of more than 50% of connected load.

Tariff Energy Charges	Ps/Unit (KWH)
All consumption during the month.	300

**Monthly minimum charges:—** Rs.100/- (Rupees one hundred) per KVA per month or part thereof of the contract demand.

**Note: (a)** Monthly minimum charges or energy charges whichever is higher shall be billed.

(b) The power factor shall not in any case fall below 0.85 lagging. In case the power factor is found to be lower than 0.85 lagging, the consumer shall install capacitor to bring the power factor to at least 0.85 lagging. In case the power factor is found to be lower than 0.85 lagging, penal charges at the rate of 0.5% on the monthly bill corresponding to demand charges and energy charges only shall be levied for every 0.01 by which the power factor falls below 0.85 lagging. In case the power factor is less than 0.7 lagging, the power supply to the installation is liable for disconnection.

15. *H.T. Industrial (Steel Rolling)*:— Applicable to supply of power at 11 KV and 33KV having a contract demand above 100 KVA for steel rolling industries.

Demand Charges	Plus Energy Charges	Ps/Unit (KWH)
(a) Rs. 450/- per KVA per month of contract demand	(a) 200 units per KVA (b) Next 100 units per KVA	100 200
(b) For demand in excess of contract demand, Rs. 450/- per KVA per month	(c) Above 300 units per KVA	450

*Monthly minimum charges*:— Monthly demand charges on contract demand.

*Note*: (a) Lighting upto 10% of the monthly energy consumption is allowed under HT Industrial (Steel Rolling) tariff, for bonafide factory lighting purposes. Excess is chargeable under "Tariff - LTC/Commercial", at Sr. No. 2, under the heading "(A) Low Tension Supply".

(b) For staff quarters, rest/guest houses, street lighting in the colony situated separately from the main factory and when distribution lines, service lines, meter etc., are permitted to be owned and maintained by HT consumers, all energy consumed shall be chargeable under "Tariff - LTD/Domestic and Non-Commercial", at Sr. No.1(a), under the heading "(A) Low Tension Supply".

(c) The power factor shall not in any case fall below 0.85 lagging. In case the power factor is found to be lower than 0.85 lagging, the consumer shall install capacitor to bring the power factor to at least 0.85 lagging. In case the power factor is found to be lower than 0.85 lagging, penal charges at the rate of 0.5% on the monthly bill corresponding to demand charges and energy charges only shall be levied for every 0.01 by which the power factor falls below 0.85 lagging. In case the power factor is less than 0.7 lagging, the installation is liable for disconnection.

(d) The connected load of this category of installations are subject to verification periodically.

(e) If the industry is closed continuously for a minimum period of 7 days or more during the month, with the Departments incoming GOAB Switch of the installation kept opened, in such case, the demand charges for that particular month shall be considered for billing demand charges on pro rata basis.

(f) In the event of such industry being totally closed, the monthly minimum charges shall be billed equivalent to 1/12th of the annual line minimum guarantee as indicated in clause 10 of the H.T. agreement.

16. *Time of the day tariff*:

(1) Shall be applicable to the HTI/EHTI category of consumers at Serial No. 8 and 12 under the heading "(B) High Tension Supply", who opt to avail facility of TOD tariff, except Hotel Industries.

(2) For recording energy consumption during 22.00 hrs. to 6.00 hrs., TOD meters of reputed make, as approved by the Chief Electrical Engineer, shall be procured by the consumer at his own cost and the same shall be got tested, calibrated, sealed and installed by the MRT of Electricity Department, Goa. The rebates shall be applicable only to those EHTI/HTI category of consumers who comply with this requirement. This tariff will be made applicable from the date of commissioning of TOD meter.

(3) Rebate only on energy charges shall be granted for the energy consumed between 22.00 hrs. to 6.00 hrs. as recorded by the TOD (time of the day) meter.

(4) For EHTI/HTI/ Industrial consumers. Rebate on energy (KWH) charges for the energy (KWH) consumed during night off peak hrs. between 22.00 hrs. to 6.00 hrs., during the month.	25 % rebate on the energy consumed during night off peak hrs.
--	---

(5) For energy consumed during evening peak hours, i.e. from 18.00 hrs to 22.00 hrs, the energy charges shall be considered for billing at 50 % more of the normal highest slab of prevailing energy charges as applicable to the HTI/EHTI category of consumers at Sr. No. 8 and 12, under the heading "(B) High Tension Supply".

(C) *Temporary Supply*

17. *Tariff-LT/Temporary*:— Applicable to lights, fans and small appliances.

Items	Minimum charges per month	Energy charges
(a) For single phase only	Rs.10/- per day for supply upto 3 days and Rs. 5/- per day thereafter.	See Note
(b) For three phase only.	Rs. 30/- per day for supply upto 3 days and Rs. 10/-per day thereafter.	— do —
(c) Applicable to motive power	Rs. 100/- per HP per month of connected load or part thereof	— do —
(d) Touring talkies and Cinema	Rs. 100/- for a period of supply upto 15 days. Rs. 180/- for a period of supply exceeding 15 days but not exceeding one month.	— do —

Note: (a) The above temporary tariffs are applicable for temporary supply at low/medium voltage for a period not exceeding six months which may be extended beyond that period only with the prior permission of the Electricity Department.

(b) The energy charges shall be at double the rate in the respective category of permanent supply.

(c) Temporary supply availed for building construction purpose shall be categorised as commercial category.

18. Tariff HT/Temporary:

Demand charges	Energy Charges
(a) Rs.125/- per KVA per month of billing demand upto contract demand.	At double the rate in the respective category of permanent supply.
(b) For billing demand in excess of contract demand, Rs.250/- per KVA per month.	

**Monthly minimum charges:**— Monthly demand charges on billing demand plus energy charges on energy consumed during the month.

Note: (a) Available for a period not exceeding six months which may be extended with prior permission of the Electricity Department.

(b) The power factor shall not in any case fall below 0.85 lagging. In case the power factor is found lower than 0.85 lagging, the consumer shall install capacitor to bring the power factor to at least 0.85 lagging. In case the power factor is found to be lower than 0.85 lagging, penal charges at the rate of 0.5% on the monthly bill corresponding to demand charges and energy charges only shall be levied for every 0.01 by which the power factor falls below 0.85 lagging. In case the power factor is less than 0.7 lagging, the installation is liable for disconnection.

(D) **Meter rent:**

*Permanent supply:*

- |  |                     |
|--|---------------------|
| (1) Hire of 220/230 volts energy meter per month | Rs. 5/- per month   |
| (2) Hire of 400/440 volts energy meter per month | Rs.10/- per month   |
| (3) Hire of HT metering equipment                | Rs. 500/- per month |

Note:— For the first month of service connection, the meter rent shall be proportionate to the number of days in the month limited to Rs.1/- (Rupee one ) minimum.

For the month in which the meter is removed on or after disconnection of a service and installed a fresh on reconnection, the meter rent shall be proportionate to the number of days in the month during which the meter remains on the installation of the consumer limited to Rs. 1/- (Rupees one) minimum.

*Temporary supply:*

- |  |   |
|--|---|
| (1) Hire of 220/230 volts energy meter | Rs. 10/- (Rupees ten) for a period of service not exceeding one month or part thereof.              |
| (2) Hire of 400/440 volts energy meter | Rs. 20/- (Rupees twenty) per month for a period of service not exceeding one month or part thereof. |
| (3) Hire of HT metering equipments.    | Rs. 1000/- (Rupees one thousand) per month or part thereof.   |

By order and in the name of the Governor of Goa.

R. A. Ghali, Chief Electrical Engineer and Ex-Officio Additional Secretary.

Panaji, 2nd May, 2000.
